

Finis Training Equipment and Club Costume Partnership

Important Terms and Conditions Apply, please read

Haringey Aquatics is working in partnership with swim equipment and clothing specialists FINIS, a Northern Californian company. FINIS was founded by two former swimmers, John Mix and Pablo Morales, who took gold in the 100 metre butterfly in the Barcelona 1992 Summer Olympic Games. They've been developing technical swim equipment ever since. Again, the club makes a 5% commission off of every piece of equipment you buy.

Head coach Paul Doyle says,

"I am very happy to see that more and more swimmers have the new Finis kit and I hope to see more. Finis are the brand we have selected to work with as their equipment is by far and away the most technically thought through and innovative. Having a standardized set of equipment across the club will allow us coaches to plan sessions, training loads and drills to be more specific. I've already noticed improvements from those with the kit in body position, hand entry and underwater phases. Please support your swimmers and us to make this a successful club and one to be proud of!"

Coach Finis equipment wish list for Performance Squad : [Haringey Aquatics – Performance Group – Coach Wish List-2](#)

Important FINIS information parents must read:

- 1) Ensure that you have added the Haringey Club Token (you can choose between diving, WP and swimming) to your shopping basket for your order to count towards the fund-raising. It's probably best to do this first so you don't forget.
- 2) Finis try on kits have been provided to Haringey Aquatics contact Constance: press@haringeyaquatics.org.uk or call 07835 953 917. Try on prior to purchase is required; these costumes are made-to-measure and no exchanges, refunds or store credits will be offered in the event of an incorrect fit/size.
- 3) **We kindly request your patience. Lead times will vary according to minimum order quantities (MOQ's) of 10 units being met by the club. When MOQ's are fulfilled, production lead times are forecasted at 4-5 weeks but are not guaranteed. Parents are not allowed to cancel orders once placed.**
